COMMENTS FROM THE TOWN MANAGER'S OFFICE

The State Highway Commission has approved the request of the Selectmen that the Town Road Improvement Fund be expended on the N. W. Bethel Road. The project starts at the Ferry Road and ends at the Gilead Town Line. Work has already started on the project, with the removal of a number of trees, bulldozing and widening the right of way. Specifications call for a minimum width of 18 feet, and a gravel base of 12 inches.

While the equipment is in the area the Ferry Road will be widened to 14 feet and graveled so that it can be included in the accepted mileage for snow removal, the state reimbursing the town at the annual rate of \$65.00 per mile.

The third tax anticipation loan was made this week in the amount of \$25,000.00. This now makes a total of \$75,000.00 that has been hired. The third loan was obtained from the Rumford Bank & Trust Company.

The 1959 tarring was completed on July 3rd. This work covered a period of four weeks. It normally should have taken only two weeks, but due to so much inclement weather the usual progress was retarded.

In late summer that part of the N. W. Bethel Road that is under construction will be given a penetration coat, followed by a mulch of one inch thickness next spring.

Thirty delinquent taxpayers had liens filed against their real estate on July 3rd for non-payment of their 1958 taxes.

Sincerely,
Harold L. Bean

BETTY BURNS THURSTON

Mrs. Betty Burns Thurston died at her home on Church Street Sunday evening after a long illness.

She was the daughter of James and Katherine Burns and the widow of the late Guy L. Thurston.

Funeral services were held Wednesday afternoon at the Greenleaf funeral home, the Rev. Clifford Laws officiating. Burial was in Riverside Cemetery.

They who can let the spirit shine And keep the heart a lighted shrine Their feet will tread with laughter bold

The green roads of the Never-Old They who can put the self aside, With Love and Service gaily ride, Their eyes will see the gates un-fold

To the green roads of the Never-Old.

These lines of Edwin Markham's could well have been written for our faithful friend and true citizen, Betty Burns Thurston.

For more than fifty years she has given her heart to the people of Bethel. She shared the responsibilities of the rich and the problems of the poor. Many a young mother has had her load lightened and her worries lessened by Betty's wise counsel and suggestions. Many a deserving student owed her opportunity to attend college to Betty's accurate judgment and intervention in his behalf.

She shared the confidence and trust of professional folk and served them well. No menial task was beneath her warm heart and her capable hands. She was fiercely loyal to the cause in which she believed and fought valiantly for her friends and her principles. She exemplified to the highest degree the noble standards of her chosen life work, the career of nursing.

She loved gardening, animals, children and grown-ups, and here was a happy and satisfying long life of service. Her splendid courage served her well in her last and only illness.

Truly our community has been richer and better and happier for her having lived here so long.

Mrs. George Bowhay, with her parents, Mr. and Mrs. Scott of Yonkers, N. Y., is enjoying a visit with relatives in England and a tour of other countries. Mr. Bowhay is attending Rensselaer Polytechnic Institute.

Guests of Mr. and Mrs. Richard Roderick the past week were Charles Clements, Mr. and Mrs. Basil Clements and children, Winterport, Mrs. Joseph Roderick, Jr., and children, Bucksport, Mr. and Mrs. Joseph Roderick, sr., Mr. and Mrs. Galan Roderick and children, Dover-Foxcroft.

Best Room!

JUST ONE OF 7 Big Bests Chevrolet
OFFERS you over any other car in its field!

Take a tip from the experts... In their own words... and from on-the-record facts and figures: More than any other of the leading low-priced three! More room to relax in, for instance. A sampling of official dimensions reported to A.M.A.* makes this clear. Chevy front seat hip room, for one thing, is up to 59 inches wider than comparable cars. And Chevy even offers more front seat head room than all but one of the high-priced cars!

Best Brakes Not only bigger, but built with bonded linings for up to 600% longer life. Just to prove what's what, Chevy out-stopped both of the "other two" in a

NASCAR-conducted test of repeated stops from highway speeds.

Best Style It's the only car of the leading low-priced 3 that's unmistakably modern in every line. "In its price class," says POPULAR SCIENCE magazine, "a new high in daring styling."

Best Engine Every motor magazine has given Chevrolet's standard and Corvette V8's unstinted praise. As SPORTS CARS ILLUSTRATED puts it: "... surely the most wonderfully responsive engine available today at any price."

Best Ride MOTOR TREND magazine calls Chevy "the smoothest, most quiet, softest riding car in its price class." You'll be

able to tell this yourself instantly, once you take the wheel.

Best Economy No doubt about this: two Chevrolet 6's won their class in the famous Mobilgas Economy Run, got the best mileage of any full-size car, 23.55 miles per gallon—with Powerglide.

Best Trade-In Check in any N.A.A.A. Guide Book. Chevy used car prices last year averaged up to \$123 higher than comparable models of the "other two."
